Product list

Difa Cooper is a pharmaceutical company specializing in dermatology, operating on the Italian market for over 50 years.

Mission

Demonstrate our “choice” to dedicate ourselves entirely to dermatology, creating added value by offering services, products and information to skin specialists. Our “choice” is to build up a dedicated leadership versus the skin specialists.

Insights

In a dedicated area of our web site www.difacooper.com, the skin specialist will find information, insights and clinical studies on innovative technologies and products.
